OUR MISSION

At EP!C we enrich the lives of people with intellectual and developmental disabilities.

OUR VISION

EP!C envisions a world where people with developmental disabilities are inspired, respected, engaged in their community, and empowered to achieve their personal best and where families, guardians, and advocates receive the knowledge, resources, and support they need.

WHAT WE DO

EP!C has been serving people with intellectual and developmental disabilities and their families since 1950 and continues to offer the highest standard of support and care.

EP!C is committed to helping people with disabilities at all levels achieve their goals and live their lives to the fullest. We offer a range of programs and services to provide EP!C individuals with the educational, residential, employment, and caretaking resources they need.

By empowering our participants to live their best life, we enrich their lives, the lives of their family members, and the larger Central Illinois community.
